

SATURDAY, MARCH 19. 1743.

Mantua, March 6.

Leutenant General Stantz arriv'd here Yesterday in the Evening from Germany with Commissary Ketter. Two Battalions of our Reinforcements are arrived at Goito, and two fine Regiments of Hussars are expected in three Days time. His Sardinian Majesty has sent Orders to all the General Officers

of his Forces in the Neighbourhood of the Panaro, to obey Veldt Marshal Traun without Restriction. Yesterday the Corps of Count Aspremont, who died on the 1st Instant, was interr'd with great Funeral Pomp at Modena. Numbers of Spanish Officers die daily of their Wounds at Bologna. Count Gages labours excessively to raise Recruits, inflicting all Sorts of People, and ordering, by Beat of Drum, no less than 3 Sequins to every

Man. Florence, March 2. The Disposition of our Regency seems to be entirely chang'd since the Death of the Duke of Palatine. We no longer pay such high Committments to the Spaniards as we were wont to do; and, since the Battle of Campo Santo, we begin to think ourselves able, in case the Spaniards should attack us, to repel Force by Force. With this View it has been resolv'd, to augment our Troops to the Number of 10,000 effective Men; which would be very easily done, since there arrive daily vast Numbers of Corsicans from Rome, Naples, and Sicily, in this Duchy. Our last Letters from Lagnon suggest, that Admiral Matthews was about to execute some Design of great Importance, which, it was thought, would force the Spaniards to quit Savoy, or, at least, retard their Supplies, and thereby give the Army of the Allies an Opportunity of driving them out, and sending them to live, as they did before, at Discretion in the neighbouring Provinces of France.

Ratisbon, March 15. Count Khevenhuller, who was lately at Vienna, is returned to the Army, and the French continue to fortify their advanced Posts with incredible Diligence, on a Suspicion that the Field Marshal has received Orders to penetrate again into Bavaria; and we even told, that the Austrians have form'd a Plan of making an Irruption into that Electorate by 3 different Roads. M. Maillebois's Equipage, which pass'd thro' this Place on the 14th, consists of 4 cover'd Waggones, 18 Mules, and 22 Horses. His Excellency went the same Day to take his Leave of M. Broglio, who told him at parting, 'Sir, I know you will do me Justice to the King my Master, and shew him how little a War, carried on against Climates and Seasons, depends upon the Conduct of a General.'

Walden, March 11. Yesterday the Austrian Garrison in this Town was reinforc'd by two Regiments of Cavalry. Soon after their Arrival, Te Deum was sung under a triple Discharge of all our Musquetry, for the glorious Victory obtain'd by General Traun at Campo Santo. We have placed a double Row of Palisadoes between the two Walls that surround this Town, and are constructing some Outworks for the Defence of the weakest Places. Prince Lobkowitz has brought his heavy Artillery from Pruck to Schandorf, from whence we conclude, that he intends to attack Amberg in Form. The Reduction of this Place will be of the last Consequence, especially if it could be perform'd early in the Campaign, since, in all probability, it would determine the French to abandon the Posts nearest to that City.

Hague, March 12. Count Podelvies, Minister from the King of Prussia, conferred lately with the Lords of the Regency, in order to inform them, that the King his Master persist'd steadily in his earnest Desire to contribute as much as in him lay to the restoring the Peace of the Empire; and at the same time intimating, that he was with great Satisfaction the Harmony that subsisted between the Maritime Powers, from which he hoped the most happy Effects; since all the World must be satisfied, that their Armaments were made not to gratify any Ambition of their own, but to curb that of others.

An Infallible and Instant Cure

For DEAFNESS, THICKNESS of HEARING,
PAIN or NOISE in the EAR, &c. by the true
Chymical Specifick DROPS.

WHICH infinitely excel all other Me-

dicines ever offer'd to the Publick, or known in the World,
for they directly cure Deafness, be it ever so bad, and all Thick-
ness of Hearing and Noise in the EAR, almost at once, and after
all other Means have failed, and without Trouble, or the
least Uneasiness whatever, as many Thousands have experienc'd.

They effectually remove all Pain occasion'd by Cold, Inflammation
the Tympanum or Drum of the Ear, free the auditory Nerve from
Obstruction, and remedy all Defects of the Hearing Faculty, &c.
most in an Instant, causing those to hear exceeding quick and
well, who before were in a Manner totally Deaf.

Hundreds, who were so very bad, as not able to hear a Drum
when beat close by them, and therefore despair'd of being
ever relieved, have been quickly and perfectly cured by them,
to their great Joy and Admiration.

In a Word, nothing in Nature can come near them for the certain
and almost immediate Cure of DEAFNESS, proceeding from
what Cause soever; but the great Efficacy and Reputation they have
justly gained for many Years past, have occasion'd (as usual in such
Cases) many Counterfeits to come abroad; beware therefore of
such Impositions, these excellent and only true Specifick Drops be-
ing to be had only, by the Author's Appointment, of the Gentle-
women at the two Blue Posts in Haydon-Town, in the Minors, or
3 s. 6 d. a Bottle, with Directions, and no where else in England.

Concerning Gleet and Seminal Weaknesses of all Kinds.

ALL judicious Physicians and Surgeons

allow, that nothing is more difficult to cure than
Stubborn Gleet and Seminal Weaknesses, whether occa-
sion'd by too severe purging for Venereal Injuries, violent
Strains, Pollutio sui, or any other Cause whatever; and
that they are dangerous in their Consequences, as well as
difficult to cure, is as certain, since they exceedingly weaken
the Generative Faculties, infect the whole Nervous System,
often bring on Heetick Heats, a Tuber Testis, or Consump-
tion of the Back, or an Atrophy or Nervous Consumption,
which frequently terminate in Death itself.

All such, therefore, who have the Misfortune to be troubled
with Old or Stubborn Gleet, Seminal Effusions, Involun-
tary Emissions, excessive Nocturnal Pollutions, or any Weak-
ness of the Kidneys, Ureters, or Bladder, the Diabetes, or
Incontinency of Urine, or Difficulty of holding their Water,
would doubtless be glad to meet with a certain, safe, and
speedy Cure, which they most assuredly may, by taking
only a small Quantity of a transcendent Balsamick Re-
fractive Electuary, now published for a general Good
after having for many Years been experience'd never once to
fail perfectly curing the most Stubborn Gleet known, in
a few Days, without Difficulty or Trouble; as also all
other Weaknesses of the Back, Reins, Seminal Vessels, and
Urinary Passages, which almost instantly cures, bringing
to rights and restoring all those Parts and Passages to their
natural Tone and pristine Vigour, in a very extraordinary
Manner, and by taking a few Doses of it only.

This transcendent Balsamick Refractive Electuary
is neither disagreeable to take, nor occasions the least Disor-
der, but is a wonderful Restorative in all Weakness and Decay
of Constitution of any Kind; and particularly strengthens the
Back, Reins, Seminal and Urinary Vessels to an immense De-
gree, inasmuch that in any Debility of them, one Dose of it
does more than ten of any other Remedy yet found out, and
all Persons fatigu'd with Gleet or Seminal Weaknesses of any
Sort, or Weaknesses of the Urinary Vessels, who take it, will
in three Days time find it to be very effectual, that they will be
most agreeably surpris'd at it.

When a Medicine will infallibly accomplish such a task,
speedy and perfect Cure of such difficult Maladies, as Gleet
and Seminal Weaknesses are, as this Great Remedy truly and
directly will, even after all other Means and Medicines have
been tried in vain; too much cannot be said in its praise.
All who ever took it for any of the above-mention'd Purposes,
have readily declared.

The Price is but 6 s. a Pot, altho' for its absolute Efficacy,
one Pot alone being sufficient in most Cases to accomplish
a Cure, worth ten times as much, and by the Author's
special Appointment, is to be had only at Mr. Radford's
Toy-shop, at the Rose and Crown against St. Clement's
Church-Yard in the Strand, ready seal'd up, with a Book of
Instructions, which whomsoever carefully reads will perfectly
know, when the Gleet or Weakness he is afflicted with
succeeds a Venereal Injury, whether all the Malignity of
the Foul Disease is entirely eradicated or not.

Note, Ask only for a 6 s. Pot of Balsamick Electuary.
